

Press Release

Comtec – the provider of **Total Insurance System (TIS)**, a comprehensive end-to-end modular enterprise-wide P&C insurance application, is proud to introduce:

Innovative, low cost of ownership, Secured Document Distribution Module.

InfoBay streamlines distribution processes, reduces printing and mailing volumes and costs, provides full delivery proof and regulatory compliance via advanced SOA technology.

Documents for agents, customers and employees are placed in **named mailboxes** with **multiple configurable folders - hosted on company servers and centrally administered. Secure, auditable and friendly Microsoft based web access** circumvents insecure, spam and virus infected unverifiable email.

Easy **bi-directional** integration with **cross industry applications.**
